

# Away From the City 🎵

Away from the city we go, we go!

Away from the city we go!

Away from the

=3  
taxis,

the cars

big

and small,

Away from the

the buildings

buses

so tall.

Away from the noise, away from it all!

Away from the city we go!

Away from the city we go!

Away, away, away, away,

Away from the city we go!
